HIPPA Privacy Rules

The Health Insurance Portability and Accountability Act of 1996 (HIPAA – Public Law 104-191) and the HIPAA Privacy Final Rule¹ provides protection for personal health information. The regulations became effective April 14, 2003. Affiliated Computer Services developed HIPAA Privacy Policies and Procedures to ensure operations are in compliance with the legislative mandate.

Protected health information (PHI) includes any health information whether verbal, written, or electronic, that is created, received, or maintained by Affiliated Computer Services. It is health care data, plus identifying information that allows someone using the data to tie the medical information to a particular person. PHI relates to the past, present, and future physical or mental health of any individual or recipient; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual. Claims data, prior authorization information, and attachments such as medical records and consent forms are all PHI.

The Privacy Rule permits a covered entity to use and disclose PHI, within certain limits and providing certain protections, for treatment, payment, and health care operations activities. It also permits covered entities to disclose PHI without authorization for certain public health and workers' compensation purposes, and other specifically identified activities.

0.0 Introduction

The Commonwealth of Virginia's Medicaid Web Portal is a web based system that gives providers and their user organizations access to secured provider services.

The Portal extends the business capabilities of Virginia providers by offering user-friendly tools and resources. You will have access to the secured interactive features of the portal including:

- Claims Status Inquiry
- Member Eligibility and Member Service Limits
- Service Authorization Log and Pharmacy Web PA Request
- Provider Payment History

In the near future new services will be added that will give you the following capabilities:

- Automated Provider Enrollment
- Claim submission through the portal
- Ability to update demographic information such as address, phone numbers and email addresses online

In order to take advantage of the Portal and its functions, users must be part of the security structure.

For the sake of this document, a 'user' is defined as any person that will access and use the Web Portal.

If at any time during the registration process you have questions or issues, please contact the Affiliated Computer Services (ACS) Helpdesk toll free at 866-352-0496.

0.1 Security Structure

The security structure of the Web Portal is provider centric versus user centric, which you may have been familiar with previously.

Security access for the Web Portal is based upon a provider organization. A 'provider organization' is defined as either an individual billing or servicing provider or group provider (and the user community in support of them).

The provider organization can be associated with either a NPI (National Provider Identifier) or an API (Atypical Provider Identifier – assigned by the Commonwealth of Virginia for providers that are not eligible for a NPI, such as a transportation provider).

A unique User ID will need to be established for each provider organization a user supports. Any users added to the organization will have the ability to access services based on the role they are assigned.

0.2 User Roles

There is a three-tiered security structure associated with each provider organization. Additional roles will be provided as new services are added.

Primary Account Holder – A Primary Account Holder is the person who will perform the initial web registration. He/she will establish the security needed for the services accessed.

Each provider organization can have only one Primary Account Holder. To change a Primary Account Holder, the Provider will need to notify Affiliated Computer Services (ACS), in writing.

The Primary Account Holder can

- Establish Organization Administrators and/or Authorized Users for their organization
- Change roles for any user
- Reset passwords for any user
- Activate and/or deactivate any user
- Unlock any User ID
- Access to all secured provider functionality

Organization Administrator – An Organization Administrator is established by the Primary Account Holder.

An Organization Administrator is not required for a provider organization - some organizations may only have a Primary Account Holder and associated Authorized Users. A provider organization can have one-to-many Organization Administrators, if so desired. Organization Administrators tier up to the Primary Account Holder.

The Organization Administrator has the following capabilities associated with only Authorized Users:

- Can establish Authorized Users for their organization
- Can change roles for any Authorized User
- Can reset passwords for any Authorized User
- Can activate and/or deactivate any Authorized User
- Can unlock any Authorized User ID
- Has access to all secured provider functionality

Authorized User - The Authorized User is responsible for performing provider support functions.

Authorized Users are not required for a provider organization, but an organization can have one-to-many Authorized Users, if so desired. Authorized Users tier up to the Organization Administrators.

The Authorized User has the following capabilities:

- Has access to all secured provider functionality

Within the provider organization's security structure, the users within each tier are accessible within the system to all users in the tiers above. All Authorized Users can be accessed and user maintenance performed for them by all Organization Administrators and the Primary Account Holder.

The following reflects the security structure for each provider organization.

0.3 Overall Registration Process

The Web Registration process for new provider organizations must be completed by the Primary Account Holder.

The registration process involves the following three steps:

1. Establish a User ID, password and security profile
2. Initiate the authentication process
3. Complete identity authentication with the Security ID generated and mailed to the provider

For more details, please see the Provider Registration Users Guide.

1.0 Web Portal Access & Navigation

The new Virginia Medicaid Web Portal can be accessed through the following link: www.virginiamedicaid.dmas.virginia.gov

The Web Portal is available daily 24 x 7 with the exception of routine maintenance which will be posted in advance.

The following sections will outline the basic functionality of the portal.

1.1 Medicaid Web Portal – Home Page

The Commonwealth of Virginia Medicaid Web Portal's home page contains various portlets (sections within a portal page) and navigational tabs.

The Web Portal's Home Page is reflected below:

1.1.1 Navigation Tabs

Provider Services – This tab provides access to the following:

- Provider Enrollment – access to provider enrollment applications for downloading
- Provider Manuals – access to provider manuals, service center user manuals, dental manuals and forms
- Medicaid Memos to Providers – Medicaid Memorandums from DMAS to the provider community
- DMAS Provider Services – link to Provider Services on the Department of Medical Assistance Services web site
- DMAS Pharmacy Services – link to Pharmacy Services on the Department of Medical Assistance Services web site

Provider Resources – This tab provides access to the following:

- Provider Manuals – access to provider manuals, service center user manuals, dental manuals and forms
- Provider Links – links to Center of Medicare and Medicaid Services, DMAS and Virginia.gov websites
- Provider Training – access to the provider training library

- Web Registration – access to Registration FAQ, a Registration Quick Reference Guide, this Registration User’s Guide and access to the Registration tutorial
- Automated Response System (ARS) – access to the ARS Users Guide, ARS FAQ and ARS tutorials
- Search for Provider - link to Search for Provider on the Department of Medical Assistance Services web site

EDI Support – This tab provides access to the following:

- EDI Companion Guides – links to the EDI companion guides for support of EDI transactions
- EDI FAQ – Frequently Asked Questions on EDI transactions
- EDI Testing – Guidelines for EDI testing
- EDI Forms and Links – access to EDI forms and links

Documentation – This tab provides access to the following:

- Provider Forms – access to various forms in support of provider services
- Paper Claim Forms – access to various claims forms for download

FAQ – This tab provides access to the following:

- ARS FAQ
- EDI FAQ
- Registration FAQ

1.1.2 Home Page Portlets – Web Announcements

Web Announcements – this portlet contains any information that is applicable to all portal users such as maintenance down time, new policies, etc

1.1.3 Home Page Portlets – Quick Links

Quick Links – this portlet list links to documents or websites that are applicable to the audience viewing this portal page. Quick Links will be located on various portal pages. For consistency and availability to common information, the first five (5) links will always be the same as the navigation tabs:

- Provider Services
- Provider Resources
- EDI Support
- Documentation
- FAQ

In addition there are links that are applicable to that portal page.

For the Home Page, the additional quick links are the following:

- **Web Registration Reference Material** - access to Registration FAQ, a Registration Quick Reference Guide, this Registration User's Guide and access to the Registration tutorial
- **DMAS Web Site** – link to the website for the Department for Medical Assistance Services

1.1.4 Home Page Portlets – Login

This portlet is used for logging in to the pages needed for secured login. The login choice is based upon the user's role. For registration and access to secured provider functionality, select the 'Provider' role.

1.2 Medicaid Web Portal – Provider Login Page

After selecting the 'Provider' role in the Web Portal Home Page, the provider and the supporting user community are directed to the Provider Login Page.

The Provider Login Page is reflected below:

Welcome

Welcome to the Virginia Medicaid Web Portal. This page allows registered provider organizations to log in. If you need to register, you can do so by clicking on the 'Web Registration' link in the 'First Time User Registration' box.

If you have any issues with registering or logging in, please see the Web Registration Reference Material (located through the Quick Links to the right) or contact the ACS Help Desk (toll free) at 866-352-0496.

First Time User Registration

By registering you will be designated as the Primary Account Holder for your organization. As the designated Primary Account Holder, you can add, delete or modify user access.

New Primary Account Holder registrants must complete the following steps:

1. Establish a User ID, Password and security profile
2. Initiate the authentication process
3. Complete identity authentication with the Security ID generated and mailed to the provider

If you are not the Primary Account Holder for your organization then you should not register. If your organization already has a Primary Account Holder, please see them for your User ID and Password to log in.

There are three portlets on this page different from the Web Portal Home Page.

- Welcome portlet
- First Time User Registration portlet
- Existing User Login portlet

1.2.1 Welcome Portlet

The Welcome portlet is reflected below:

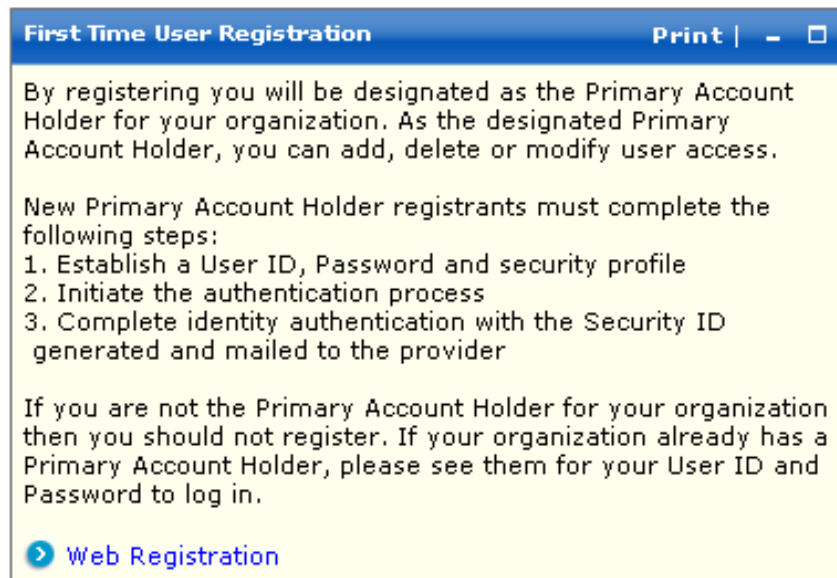

This portlet contains general instructions as well as mechanisms to handling issues or questions:

- Web Registration Reference Material – from the quick links
- ACS Help Desk – toll free number

1.2.2 First Time User Registration Portlet

The First Time User Registration portlet is reflected below:

This portlet outlines the steps needed for completing the registration process. Only the user designated as the Primary Account Holder should complete the registration process.

Users that are not designated as the Primary Account Holder should contact their Primary Account Holder or Organization Administrator for their User ID and temporary password.

As the Primary Account Holder, not previously registered (or converted from the UAC), you'd select 'Web Registration' link on this portlet.

1.2.3 Existing User Login Portlet

Once you have established your User and Security Profiles, you will have access to the portal functionality for such things as requesting and applying a Security ID or accessing secured provider services.

The Existing User Login portlet is reflected below:

[Forgot User ID?](#)
[Forgot Password?](#)

This portlet is used for applying a registered user's User ID and password. Both are required fields (indicated with a red asterisk *) for the login process.

User ID – this is the User ID created during the registration process when establishing your User Profile (see Registration Users Guide).

Note: If a previous FHSC UAC user, your User ID will be the ID sent in a letter to your Provider (or Administrator for a Group Provider).

Password – this is the Password created during the registration process when establishing your User Profile.

Enter your User ID and Password and click 'Submit'

The Forgot User ID and Forgot Password are addressed in further detail below

1.3 Forgot User ID

Once you've completed your User and Security Profiles, you are able to leverage the user self help capabilities of the portal. Authorized Users who forget their User ID can get with their Primary Account Holder or any Organization Administrator associated with this provider organization. They have the capability to look up the User IDs. An Organization Administrator can check with the Primary Account Holder.

All roles have the ability to also request their User ID be emailed to them.

On the Provider Login Page, in the Existing Users Login portlet there is an option for Forgot User ID?

The screenshot displays the Virginia Medicaid Web Portal interface. At the top is a navigation bar with links: Home, Provider Services, Provider Resources, EDI Support, Documentation, and FAQ. Below the navigation bar are four images: a hand holding a bandage, a stethoscope, a group of healthcare professionals, and a nurse attending to a child. The main content area contains four portlets: 'Welcome', 'First Time User Registration', 'Quick Links', and 'Existing User Login'. The 'Existing User Login' portlet is highlighted with a red border and contains a red box around the 'Forgot User ID?' link. The 'Quick Links' portlet lists: Provider Services, Provider Resources, EDI Support, Documentation, FAQ, Web Registration Reference Material, and DMAS Web Site.

Welcome to the Virginia Medicaid Web Portal. This page will let users access secured provider services. If you have any issues with the functionality on this page, please see the Automated Response System (ARS) Reference Material located at the Provider Resources Quick Link (above) or contact the ACS Help Desk (toll free) at 866-352-0496.

Welcome to the Virginia DMAS Medicaid Web Portal

The Virginia Medicaid Web Portal extends the business capabilities of Virginia Medicaid providers by offering user-friendly tools and resources. You will have access to the secured interactive features of the portal including:

- **Claims** - Claims Status Inquiry
- **Member** - Member Eligibility and Member Service Limits
- **Service Authorization** - Service Authorization Log and Pharmacy Web PA Request
- **Payment History** - Provider Payments

Functionality coming in the near future:

- **Automated Provider Enrollment** - Enroll in the Medicaid program with an online application and application status tracking
- **Claims Direct Data Entry** - Create claims templates and submit claims through the portal
- **Provider Profile Maintenance** - Update demographic information such as address, phone numbers and email addresses online

If you have any issues with functionality on this page, please see the Automated Response System (ARS) Reference Material located at the Provider Resources Quick Link (upper left) or contact the ACS Help Desk (toll free) at 866-352-0496.

The Provider Welcome page consists of the navigation tabs that are the menu to the Automated Response System (ARS) functionality.

2.1 Automated Response System (ARS) Menu

The menu tables will give you access to the following:

Claims – Claims Status Inquiry

Member – Member Eligibility and Service Limits Inquiry

Service Authorization – Service Authorization Log and an access link for a Web PA Request

Payment History – Provider Payments

By hovering over or selecting the desired tab you will be directed to a Request page.

The Request page will require the entry of appropriate criteria that will allow you to limit your search results.

The Search Results page will reflect any records that meet the search criteria. You will select the desired search record for additional detailed information.

The Response page will reflect the requested information.

The following sections will detail the Request, Search Results and Response pages for each of the available ARS functionality.

Appendix B – ARS FAQ

Virginia Medicaid Web Portal Automated Response System (ARS) Frequently Asked Questions Revised 06/19/2010

General Questions

How do I access the new Virginia Medicaid Web Portal?

The new Virginia Medicaid Web Portal can be accessed through the following link:
www.virginiamedicaid.dmas.virginia.gov

Is the functionality replicated in the new portal?

There are some selection criteria that are different in the new portal than it was in the previous portal. The selection criteria are being modified and will be released in the near future. The selection criteria differences are addressed in their respective sections.

Is the system HIPAA compliant?

Yes, HIPAA-covered portions of the system, 270/271 Eligibility and 276/277 Claims Status are HIPAA compliant. The HIPAA standards have an exception called Direct Data Entry (DDE). HIPAA-covered portions of the system do "use applicable data content and data conditions of the standard".

Member Eligibility & Service Limits Inquiry

Member Eligibility Inquiry

What are the required and optional selection criteria?

The Member Eligibility Inquiry has both required and optional search criteria.

Required Search Criteria – To be used in conjunction with the Member ID or Member information
